Subject: RE: Contact for information about Enel plants

Hello,

I apologize for not responding earlier; I've been ill since late Monday. I hope to return to the office tomorrow, Friday, January 31st and will try to contact Francesco at that time. Thank you all for your willingness to share information.

Much Appreciated,

Sharon

Glad to be of help. The number Ron mentioned is indeed my direct line, but please feel free to use 202 528 4094 (mobile) as I tend to wander about away from my desk, from time to time. If I'm not around, you can try and reach one of my colleagues at 202 609 7801 or 202 609 7802.

Best,
Francesco

Sharon,

You asked about operation of the FGD wastewater treatment systems ("ZLD" vapor compression evaporation) at the Enel plants in Italy. I suggest you contact Amb. Francesco Olivieri – he is in charge of Enel's office in Washington DC and has been extremely helpful to us in the past.

Francesco's email address is Francesco.olivieri.ena@enel.com. I seem to have misplaced his direct phone number, but I believe you can reach the office at 202-609-7798.
